PARASITE CLEANSE [capsules with tincture]

Parasites can cause damage to the human body, weakening the immune system and cause disease. This is why even though it is quite normal for parasites to cycle through the bodies, it is important to eliminate them on a regular basis. These particular herbs can rid you of over 100 types of parasites. Many times when a person cannot figure out what's wrong with them, it usually is parasites. Whenever cleansing the body or detoxing, the first step is to always do a parasite cleanse. After taking the herbs for 10 days, wait 10 days, then resume the herbs for another 10 days. During these last 10 days, the herbs are addressing the parasite eggs that hatched in the body during the first 10 days.
