Praying

What we know at Healed People, Heal People is that everything must be birthed in prayer

before it's birthed in the natural. Through other marketplace ministries, we have tangibly and supernaturally seen the undeniable difference prayer makes in serving people. We welcome your strategic prayers of support and encouragement. Below are seven core things you can pray about.

1) For the Holy Spirit to appoint the current and future board of directors

2) For the Holy Spirit to provide His wisdom and spiritual understanding to the board of directors

3) For those who serve in any capacity of Healed People, Heal People to walk in moral integrity

4) For the Holy Spirit to provide land, buildings and supplies for Healed People, Heal People

5) For those who have a calling to healing and deliverance to answer their call and be fully trained and developed

6) For those who desperately need ministry, training or consulting to move forward to receive their confidential ministry, training and consulting

7) For people, leaders and organizations who receive ministry, training and consulting to be adamant about thriving in their new freedom by being active and intentional in their walk out

Thank you for your support; we appreciate it.
