CRAMPBARK

Crampbark is highly regarded as an antispasmodic agent. It is considered one of the best female regulators and relaxants of the ovaries and uterus, and is highly effective in preventing miscarriage due to nervous afflictions during pregnancy. The dried bark is extremely high in Vitamin C and a very good source to supplement the system. Crampbark will speedily quiet the uneasiness and relieve the pains of uterine and abdominal cramps, and is a remedy to compensate for nervous disorders and spasms of all kinds.

SUGGESTED DOSAGE: As a supplement to the diet for the nervous system to calm nerves and regulate the female system 40 drops three times a day. To relieve cramping, apply enough to cover the abdomen as often as needed. Also apply to the lower back and spine as needed for the same purpose. To stop miscarriage see Crampbark and False Unicorn Root combination.
